WARMEST GREETINGS

from our home to yours

Since 2002, Heartland has provided life-saving programs to over 11,000 dogs and cats in need, and this year we continued to serve our mission by ensuring that we saved the most vulnerable animals from our partners both local and nationwide. As a community, we came together to make certain that even through hardship and change, animals were finding their way into forever homes. In the face of adversity, our community of animal lovers did not slow down but rather created new ways of bridging the gaps left in the wake of the Covid-19 pandemic,

As 2021 comes to an end, I could not be more proud of what we have accomplished over this past year and incredibly excited about Heartland's future. The dedication from our staff, volunteers and supporters like you has allowed us to continue our life saving efforts through these unprecedented times. This upcoming year, as we settle into our new home in Wheeling, our goals include increasing our life-saving efforts and working collaboratively with the community around us, through our community-based programs, to increase our impact. We know this upcoming year will inevitably present new and continuing challenges, so I am especially excited to expand our community outreach and to keep

pursuing partnerships with other local animal welfare organizations to better address the unique needs of our community.

Our annual fund allows us to provide essentials medical care, food, housing and extra love to each animal under the shelters' care while they await their forever homes. We hope that you will help us brighten the day for animals like

Marge, Ripple and Slinky and over 100 more dogs and cats currently in our care by sending a gift this season. Your support is deeply appreciated and will make it possible for us to continue our life saving work throughout the rest of the year and for many years to come. Please consider making a holiday gift to Heartland today.
